In her memoir, *Black Prep Life*, Syreeta McFadden recounts her experiences growing up as a black woman in a wealthy white suburb. She writes about the racism, classism, and sexism she faced, and how she navigated these challenges to become a successful writer and activist.

McFadden's story is a powerful and moving one. She writes with honesty and insight about the complexities of race, class, and gender in America. Her experiences will resonate with anyone who has ever felt like an outsider.

But *Black Prep Life* is more than just a memoir. It is also a call to action. McFadden challenges us to confront the racism, classism, and sexism that

still exist in our society. She shows us that it is possible to overcome these challenges, and she inspires us to do the same.
