About the Book

Digger the Dinosaur is a clumsy dinosaur who loves to bake. But when he tries to bake a cake for his friends, he makes a big mistake. He adds too much sugar, too much flour, and too much milk. The cake turns out to be a big, gooey mess.

Digger is disappointed, but his friends are still happy to see him. They tell him that it's okay to make mistakes, and that even the biggest mistakes can lead to something great.

With a little help from his friends, Digger learns to make a new cake. This time, he follows the recipe carefully and the cake turns out perfectly. Digger and his friends enjoy the cake together, and they all learn a valuable lesson about making mistakes.
