A Time-Bending Thriller Like No Other

In *Retrograde*, Cawdron weaves a intricate tale that explores the very nature of time itself. The story centers around protagonist Alex, a brilliant physicist who stumbles upon a groundbreaking discovery that allows him to travel through time. However, his excitement quickly turns to terror when he realizes that the consequences of his actions could be catastrophic.

As Alex journeys through different eras, he encounters a cast of unforgettable characters and finds himself entangled in a web of secrets, betrayals, and deadly threats. With each step he takes, the lines between

past, present, and future blur, and Alex must confront the profound implications of his ability to alter the course of history.

A Masterful Blend of Science and Suspense

Cawdron masterfully blends scientific concepts with thrilling suspense in *Retrograde*. The novel's exploration of time travel is both fascinating and believable, providing a solid foundation for the story's high-stakes plot.

But beyond the scientific intrigue, *Retrograde* is also a heart-pounding thriller. The stakes are constantly high as Alex faces danger around every corner. Cawdron keeps the tension ratcheted up throughout the novel, leaving readers breathless as they race towards the unpredictable .

A Must-Read for Thriller and Sci-Fi Enthusiasts

Whether you're a fan of time-bending thrillers, science fiction, or simply gripping stories that will keep you up all night, *Retrograde* is a must-read. Cawdron's masterful storytelling and his ability to create a sense of suspense that is both thrilling and thought-provoking will leave you eagerly anticipating his next novel.

Praise for *Retrograde*

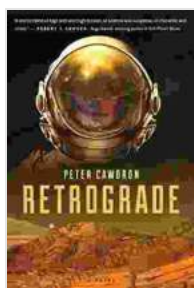

"A mind-bending thriller that will leave you questioning the very nature of time. *Retrograde* is a must-read for fans of science fiction and suspense." - *New York Times bestselling author*

"Cawdron's writing is both gripping and thought-provoking. *Retrograde* is a tour de force that will stay with you long after you finish reading it." - *USA Today*
