James Rebanks is a fifth-generation shepherd who has spent his life working the land and caring for his flock in the remote and beautiful Scottish Highlands. In *Shepherd at the Edge of the World*, Rebanks shares his intimate knowledge of the Highlands, its people, and its traditions.

Rebanks' writing is both lyrical and evocative, and he has a rare gift for capturing the beauty and the harshness of the landscape. He writes about the long days spent tending to his sheep, the camaraderie of his fellow shepherds, and the challenges of living in such a remote and unforgiving environment.

Shepherd at the Edge of the World is more than just a memoir. It is also a meditation on the nature of home, community, and the human relationship with the land. Rebanks writes about the importance of tradition and the need to preserve the Highlands' unique way of life. He also writes about the

challenges facing rural communities in the 21st century, such as the decline of agriculture and the rise of tourism.

Shepherd at the Edge of the World is a must-read for anyone who loves nature, animals, or Scotland. It is a beautifully written and deeply moving account of one man's journey to the heart of the Scottish Highlands.
