Coffee is one of the most popular beverages in the world, and for good reason. It's delicious, it's energizing, and it can be enjoyed in a variety of ways.

But if you're like most people, you probably don't give much thought to how your coffee is roasted. You just buy pre-ground coffee from the store and brew it in your coffee maker.

But did you know that the way your coffee is roasted has a big impact on its flavor? Roasting coffee is an art form, and there are many different ways to do it. Some roasters prefer to roast their coffee dark, while others prefer to roast it light. Some roasters use a traditional drum roaster, while others use a more modern air roaster.

The perfect roast for you will depend on your personal preferences. But if you're looking to learn more about coffee roasting, then this book is for you.

In this book, you will learn:

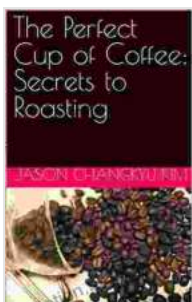

- The different types of coffee beans
- The different roasting methods
- How to roast coffee at home
- How to store roasted coffee
- How to brew the perfect cup of coffee

With this book, you will be able to take your coffee drinking experience to the next level. You will learn how to roast the perfect cup of coffee, and you will be able to enjoy the delicious flavor of freshly roasted coffee every day.
