Leah Remini's memoir, *Troublemaker: Surviving Hollywood and Scientology*, is a powerful and inspiring account of her experience in the Church of Scientology and her journey to break free from the organization.

Remini was born into a Scientology family and raised in the church. She began working for Scientology at the age of 13, and by her early 20s, she was a high-ranking member of the organization.

However, Remini began to question Scientology's teachings and practices in her early 30s. She was particularly troubled by the church's treatment of women and its policy of shunning former members.

In 2013, Remini finally broke away from Scientology. She has since become a vocal critic of the organization, and she has used her platform to help others who have left Scientology.

Troublemaker is a fascinating and eye-opening account of Remini's experience in Scientology. It is a story of abuse, betrayal, and redemption. It is also a story of hope and resilience.

Remini's memoir is a must-read for anyone who is interested in Scientology, cults, or the power of the human spirit.
